

MCA Lunch & Learn

No Cost Webinar Series

Dear Dharam,

You are invited to join the Midwest Cogeneration Association for a no cost webinar on one of the following topics.

There will be a new topic covered on the 3rd Thursday of every month. The upcoming webinars and presenters are listed below. This month's webinar will be presented by Dalia El Tawy, Director of Thermal Power Solutions at the Distributed Energy Systems Center of Competence in Siemens based out of Orlando, Florida. You can read more about Ms. El Tawy, by clicking on her image below. She will deliver a presentation on the following topics:

1. Combined Heat and Power (CHP) - background, opportunities, and selection criteria
2. CHP examples and case studies - commercial and industrial applications and technologies
3. CHP portfolio of products and services

Please join us by using the links below to register for one or more of our upcoming webinars. After registering, you will receive a confirmation email containing information about joining the webinar session.

**CHP Solutions:
Maximizing Energy Efficiency,
Minimizing Environmental
Impact, and Reducing
Operational Cost**
