

Combined Heat and Power (CHP)
for Hospitals, Colleges & Universities,
Schools, and Municipalities

CHP Site Tour ComEd & Nicor Gas Incentive Rebates

Tuesday, December 12, 2017

4:00 pm - Site Tour Begins at Argonne National Laboratory

5:45 pm - Networking & Cocktails at Chuck's Southern Comfort Cafe

6:30 pm - Dinner

7:00 pm - Presentations

REGISTER

IMPORTANT NOTE: ANL has an additional form to the MCA registration in order to attend this event. Please complete this through the link on our event registration. Visitors will also be required to wear closed-toe shoes, safety glasses and hard hat.

Tour the Argonne National Laboratory and learn about their new 6.3 MW combustion turbine [Combined Heat and Power \(CHP\)](#) system, installed in 2016. A visit to the world famous Advanced Photon Source will also be provided. In addition, learn how [ComEd](#) and [Nicor Gas](#) are offering energy efficiency incentive rebates on energy efficiency and CHP projects to hospitals, universities, and other applicable sectors (up to \$2.5MM per project).

Tour: Free

Tour + Dinner: \$45

Dinner Only: \$45

**Discount for MCA members and students:
\$35*

(Contact samr@uic.edu for promo code)
