

## FREE ComEd Combined Heat and Power (CHP) Workshop and Site Tour

Implementing a CHP project? Join us Tuesday, October 30, for a FREE half-day workshop and site tour to learn how other organizations are implementing and operating CHP projects with the [ComEd Energy Efficiency Program](#). Today, over 4,400 organizations across the nation are operating CHP systems, realizing the benefits of energy savings, lower operating costs, reduced emissions, increased energy reliability, and more.

### Attendees will learn how:

- To interconnect a CHP system to the ComEd utility grid
- To analyze a site's utility rates when operating a CHP system
- To apply for ComEd CHP Feasibility Study incentives (up to \$25,000 per study)
- To apply for ComEd CHP project incentives (\$0.07 per kWh generated)
- The CHP system at the University of Illinois at Chicago operates

**Please note:** PPE (hard hats and safety glasses) will be required for the site tour. A limited number of PPE will be available, we encourage you to bring your own PPE.

**Seating is limited, reserve your seat today!**

**For More Information:** Contact Sam Rinaldi at [samr@uic.edu](mailto:samr@uic.edu) or 312-996-2554.
